

# Membership Services Consultative Committee

## Observations

**Peter Burfitt**

I attended the meeting of the Membership Services Consultative Committee (MSCC) last Friday in place of Terry Job. All other members were present except for the Convenor, Bronwyn Jones, who was attending to other RFS matters in the city.

### Commissioners Address Rob Rogers

- Turnarounds on motorways –no progress with the RMS yet. Signage and audit of all turnarounds outstanding.
- AVL – Automatic vehicle locations –to be trialled in North West, Central Coast and Lake George Districts. Installations imminent
- IT Projects – there are many. Copy of presentation sought for distribution

### MSCC

#### Outstanding business

- SAP & Long Service Awards: automatically identifying members for Long Service rather than brigades. In progress but current state not available for the meeting
- Auto Trucks Instruction/video; being shown to Infrastructure Committee members today
- Excess driving 12 hours plus: being considered by Operational Services CC as part of the Fatigue review.

#### Other Business

- WHS Representatives – NSW Electoral Office engaged to manage the election process. Letters to go out to all via listed mailing address seeking nominations for the position of local/district WHS representative. When complete voting slips will also be mailed out to all members with the relevant voting papers. Self nomination is possible and, if no other member nominates the self nominated person will be declared elected as the WH & S rep for that work area. Each District is a work area as it HQ and Glendenning.
- Your Health Matters – fascinating project and I encourage all members to participate in any way they can. Packs have been distributed to Districts “Connect on Purpose”. RU OK day in the wings and an emergency procedures check list has been issued. Note draft Your Health Matters and Mental Health plan released for consultation with members;
- Get Healthy Program- 668 members have completed the check; It is entirely voluntary, only you see your data. Local RFS brigades can arrange to have their members take part. Individual sessions take about 20 minutes, 12 members the minimum and they will
